

DIANA HERTZ

MAINE WATERCOLORIST

www.dianahertz.com

All original paintings and prints are sold unframed, with archival mats and backings. Prices are quoted for total size of matted and backed item.

Giclee (jee-clay) fine art prints are precise reproductions which capture the quality and feeling of my original paintings. The same paper I paint on the the paper the prints are printed on. The inks are water based , and the colors accurately duplicate those in the original paintings. The mattings and mounting are the finest mattings and mountings available These prints are to be enjoyed over decades. As with the original paintings the surface of the prints must be protected and the prints should be framed under glass.

The sizes of the original paintings below are measured without mats.

No.	Name of Painting	Size of Original Painting	Price of Original Painting	Price of 11" x 14" Matted Print	Price of 16" x 20" Matted Print	Other Size Matted Print	Other Size Price
